

OMNICHORD STRAP MOUNTING

1. Locate the small holes in the side of your Omnichord, (A) in front of the chord buttons and (B) behind the speaker grill.

2. Install the strap buttons as shown above with the two small screws provided. **CAUTION:** Do not over tighten the small screws, just snug is sufficient.

3. Slip the leather ends over the buttons as shown with the gray side of the strap up and the adjustable buckle at the speaker grill end of the Omnichord.

4. Put your Omnichord on and adjust the strap for comfortable playing.
